3) We plaintiffs are subjected to a severe disadvantage in that we do not know if, or when our summons are being answered. We are currently incarcerated & are being refused all of our request for copies of our grievances via; electronically filed Kibson (smartjailmail.com) system.

Even though we've exhausted all avenues Plank & Officers (chain of command) were told an attorney has to request them. I responded in saying prose/unrepresented, aside from ourselves, we then explained the situation of the court requesting all of our evidence for a federal civil suit. I explained to them the situation clearly & asked "How can you refuse me copies of my grievances?" They said once they are submitted they are no longer mine, & IF the courts want them they will have to serve a subpoena!
